

23rd - 24th March, 2022

New Delhi, India

INDIASOFT 2022

Connecting Technology Businesses Globally

Indian IT industry has emerged as the natural choice for sourcing latest software solutions at economical prices. India is also home to several innovation driven Start – ups contributing to ever changing world of technology. Country's own IT spending is expected to reach \$92.7 billion in 2021 offering multiple opportunities for innovative software enterprises.

India's premier ICT Show - INDIAOSFT 2022 – brings together best of technical minds from across the globe to forge new partnerships, facilitate technology transfer and expand business opportunities.

GLOBAL DELEGATES SPEAK

Axel Angeli Germany

Indiasoft is number one event for matchmaking the software industry between India and the rest of the world.

Y. Nishiyama, Japan

We expect that Indiasoft exhibition will deepen the use of Japanese companies by raising awareness of the capabilities of Indian software companies.

Patricio Fierro Chile

For Chilean IT businessmen who have visited the event, it has been a very important reference...

Lorela Chia Malaysia

I am very impressed to see ESC lead the way in re - imagining the way forward for cross border trade through INDIASOFT.
