A. Manufacturers:

1. Indigenous (Local) Manufacturers:

(a). Procurement shall be made from **Indigenous Manufacturers** only. However, if the manufacturer does not quote directly to any organisation in India as a matter of its corporate policy (except in situations like supplies to OEM/OES/OPM, supplies of spares and consumables bundled with supply of equipment, supplies to customers not covered by dealer network due to geographical/logistics constraints), the procurement can be made from its authorised Indian Agent based on the tender specific authorisation issued by the manufacturer mentioning tender reference number and date and validity of such authorization (**Annexure-III, Sample Forms**). The manufacturer is also required to submit a certificate that it is not quoting directly against the tenders of any organisation in India (excepting the situations mentioned above, if applicable) as a matter of its corporate policy and if, subsequently, at any stage, it is found that it has quoted directly to any organization in India excepting the situations mentioned above; it shall be liable for penal action as per provision of CIL Purchase Manual 2020, if the justification provided by the bidder has not been considered adequate and satisfactory by the procuring entity.

(b). While importing directly from foreign manufacturer, the policy of CIL is not to look for, encourage or engage agents. However, in case the foreign manufacturer, as a matter of its corporate policy, does not quote directly in India (except in situations like supplies to OEM/OES/OPM, supplies of spares and consumables bundled with supply of equipment, supplies to customers not covered by dealer network due to geographical/ logistics constraints), it can authorize its Indian Agent to quote on its behalf. In such case, the foreign manufacturer shall have to submit above mentioned certificates in favour of its Indian

agent. If the manufacturer participates directly in any tender in India, then the procurement from the authorized agent shall not be allowed.

Notes: Indian office/Indian Subsidiary of a Foreign Manufacturer can issue a tender specific authorization in favour of an agent in India, provided the Indian office/Subsidiary itself is authorized by the Foreign Manufacturer to issue such authorizations on their behalf.

(c). One manufacturer can authorize only one agent. ~~However, in case of commercially off the shelf available products, general authorization/dealership /distributorship certificate may be considered in place of tender specific Authorization. In case of tender invited from system integrators or products/ solutions involving hardware, software and their integration solution of a number of manufacturers/ vendors, insistence on 'One manufacturer can authorize one agent' may be relaxed.~~

(d). Indigenous manufacturer/Local Supplier can be Class-I & Class-II as follow:

Class-I Local Supplier means a supplier or service provider, whose goods or services offered for procurement, have local content equal to or more than 50%.

Class-II Local Supplier means a supplier or service provider, whose goods or services offered for procurement, have 20% or more local content but less than 50%.

Non-Local Supplier means a supplier or service provider, whose goods or services offered for procurement, have local content less than 20%.

~~Non-Local Suppliers will not be eligible to participate in Domestic Tenders meant only for Indigenous Manufacturers/Local Suppliers.~~

Local content means the amount of value added in India, which is the total value of the item procured (excluding net domestic indirect taxes) minus the value of imported content in the item (including all custom duties) as a proportion of the total value, in percent.

(e). Verification of Local Content (**If applicable**):

- i. The Class-I/Class-II Local Supplier at the time of bidding shall be required to provide self-certification that the item offered meets the minimum local content requirement for 'Class-I Local Supplier' / 'Class-II Local Supplier', as the case may be. They shall give details of the location(s) at which the local value addition is made (Refer **Annexure–XVIII, Sample Forms**).
- ii. In case of procurement for a value in excess of Rs.10 crores, the Local Supplier shall be required to provide a certificate from the statutory auditor or cost auditor of the company (in case or companies) or from a practicing cost accountant or practicing chartered accountant (in respect of suppliers other than companies) giving the percentage of local content (Refer **Annexure–XVIII, Sample Forms**).
- iii. CIL/Subsidiary Companies may constitute committees with internal and external experts for independent verification of Self-certificates/auditor's/accountant's certificates on random basis and in the case of complaints.
- iv. False declarations will attract banning of business of the bidder or its successor(s) for a period of upto two years as per CIL Purchase Manual 2020, along with such other actions as may be permissible under the law.

2. Indian Agents:

The term 'Agent' broadly includes Distributor, Dealer, Channel Partner, etc.

If an Indian Agent is participating in tender on behalf of a manufacturer, the same agent is shall not submit a bid on behalf of another manufacturer in the same tender for the same item/product.

Further, in a tender, either manufacturer can quote or its authorised Indian Agent can quote but both are not allowed to participate/quote in the same tender. Also one manufacturer can authorise only one agent to quote in the same tender.

The business entity of the Indian Agent should be in existence for 3 years on the date of tender opening, irrespective of date of appointment as Indian Agent.

The authorised Indian Agent is to upload scanned copies of details in respect of its organization along with the copies of document like certificate of incorporation/registration etc. along with the offer and also Indian agents shall submit undertaking to the following extent:

“We will be responsible for all the contractual obligations including quality aspects, replacement of part/items and warranty/guarantee obligations, and we will be responsible for providing the required after sale service.” (Annexure–IV, Sample Forms)

Note: In case where the manufacturing firm happens to have been banned/suspended, the offer of the authorised agent shall not be considered.

3. Indian Office of a Foreign Manufacturer or Indian Subsidiary of a Foreign/Indian Manufacturer:

Indian Office of a Foreign Manufacturer or Indian Subsidiary of a Foreign/Indian Manufacturer are also eligible to quote on behalf of the Manufacturer.

4. Indian Manufacturing entity of foreign manufacturer:

~~Indian manufacturing entity of the foreign manufacturer is eligible to bid as Indigenous Manufacturer if the Foreign Manufacturer manufactures equipment of the same or similar capacity as the tendered equipment; and the Indian Manufacturing entity has sufficient facility for manufacturing, supply and After Sales Service Support in India for equipment of same or similar capacity as the tendered equipment.~~

~~In such case the bidder shall be required to submit notarized copy of valid Legal Agreement/ Collaboration Agreement/License Agreement/MOU with foreign (principal) manufacturer for the equipment being offered to prove their status as Indian Manufacturing entity of foreign manufacturer. Such bidders shall be required to submit tender specific declaration by the Principal Manufacturer. Both the Indian manufacturing entity and its principal manufacturer should confirm to ensure supply of spares, consumables and service support for smooth running of the equipment during its life time.~~

~~5. In case of procurement of equipment, the bidder/manufacturer should have After Sales Service Support facilities in India like Depot/Warehouse for supply of spare parts, Workshop facilities for servicing and repair of assemblies, sub-assemblies and equipment, trained technical manpower and training facilities for providing training to CIL's personnel, etc.~~

~~In case the bidder/manufacturer does not have the After Sales Service Support facilities in India, the bidder will have to submit an undertaking along with its offer that in the event of placement of order on them, they will establish the above facilities in India within the completion period of warranty of the first equipment commissioned. In such case, the bidder shall have to provide additional PBG for 30% of the contract value, which will be released after establishment of After Sales Service Support facilities in India and against submission of normal PBG for 10% of the contract value.~~

Note: ~~In case the manufacturer is the bidder, the After Sales Service Support Facilities of its Indian Agent may also be acceptable on meeting minimum criteria.~~

~~6. In case of equipment of foreign origin to be supplied by foreign manufacturer or Non Local Supplier, the imported content and domestic content (if any) should be quoted separately in foreign currency and Indian Rupee (INR) respectively. The payment of foreign currency portion would be made directly to the foreign manufacturer and INR portion, if any, to the Non Local Supplier.~~

In case there is involvement of an Indian Agent, the payment of the Indian Agency commission will be paid directly by CIL in equivalent INR limited to the percentage indicated in the Agency Agreement or 5% of FOB value (FOB value is inclusive of Agency Commission), whichever is lower.

~~However, in case of procurement of goods upto a value of Rs. 50.00 Lakhs, insistence on quotation in foreign currency may be relaxed and accordingly the above provisions may suitably be modified.~~

7. In case of offer from foreign manufacturers involving Indian agents, such bidder shall submit the following pre-existing documents, at the time of tender opening:

- i). Foreign manufacturer's pro-forma invoice or any other authentic document indicating the commission payable to the Indian agent and the nature of after sales service to be rendered by the Indian Agent.
- ii). Copy of the agency agreement with the foreign manufacturer stating the precise relationship between them and their mutual interest in the business.

8. The manufacturer/tenderer shall submit a certificate that "No agent/middleman/liasoning agent or any entity in any name other than the disclosed authorized Indian agent is involved in the process of procurement of goods and services and if, subsequently, at any stage, it is found that it has given a false certificate, it shall be liable for penal action as per provisions of CIL Purchase Manual 2020" (Refer **Annexure-III, Sample Forms**).

9. The amount of Agency Commission payable to the Indian Agent in Indian currency will be limited to the percentage indicated in the Agency agreement or 5% of FOB value (FOB value is inclusive of Agency Commission), whichever is lower. The Indian Agent will be required to submit a certificate along with their Agency Commission bill, confirming that the amount claimed as Agency Commission in the bill has been spent/will be spent, strictly to render services to the foreign Principal, in terms of the Agency Agreement. The Purchaser or their authorized agencies shall have rights to examine the books of the Indian Agent and defects or misrepresentations in respect of the afore indicated confirmation coming to light during such examinations will make the foreign Principal (i.e. the Contractor) and their Indian Agent liable to be banned/suspended from having business dealings with the Purchaser, by following laid down procedures for such banning/suspension of business dealings.

10. OEM/OES should mention the names of Original Part Manufacturers (OPMs) of bought-out assemblies/sub-assemblies/components/parts fitted in the quoted model of equipment.

Procuring Entity may in such cases seek written clarifications from the bidder, including detailed price analysis of its bid price in relation to scope, schedule, allocation of risks and responsibilities, and any other requirements of the bids document. - ii. The Techno-Commercial Bids (Cover-I) will be decrypted online and will be opened on the pre-scheduled date and time of tender opening. Price Bid (Cover-II) will be opened after evaluation of Cover-I. The Cover-II of only the techno-commercially acceptable bidders (qualified bidders against Cover-I) shall be decrypted and opened on the scheduled date & time for which separate intimation will be given to the techno-commercially acceptable bidders through the e-procurement portal.
- iii. The Techno-Commercial Bids (Cover-I) will be decrypted online and will be opened by the “Bid Opener” with their Digital Signature Certificates and upon opening of the tender by the bid openers, system automatically evaluates particulars as contained in TPS and other commercial parameters (combined with TPS).
- iv. Upon opening of the Techno-Commercial Bids (Cover-I), TPS and all other documents uploaded by the eligible bidders get opened. The documents and the TPS of all the bidders shall be downloaded and evaluated by the Tender Inviting Authority.
- v. Any bid which has not been submitted either with the requisite amount of EMD or the valid exemption document will not be considered for further evaluation.
- vi. The Purchaser will examine the Techno-Commercial bids submitted online by the bidders and the required uploaded documents to determine whether they are complete and in conformity with the tender document.
- vii. Purchaser will determine whether Techno-Commercial bid of the bidders is meeting to the requirements of the tender document on the basis of the original offer and subsequent clarifications/confirmation, if any. For the purpose of this determination, a techno-commercially acceptable bid is one, which conforms to all the terms and conditions of the tender document and the requirements of all commercial terms and mandatory technical specifications without deviations, exceptions, objections, conditionality or reservations.
- viii. After techno-commercial evaluation of bids, Price Bid of the techno-commercially acceptable bidders will be opened. Upon opening of the Price Bid, system will allow for Auto Financial opening whereby no comparative statement will be generated but Reverse Auction Platform named “Auction BOQ” will be created. Reverse Auction process will follow as mentioned in **Clause 3, Part-E, ITB**.

2. Shortfall Documents/Confirmatory Documents

After evaluation, Shortfall Documents/Confirmatory Documents, if required, shall be sought from the bidders. Request for documents and the response shall be in writing. No modification of the bid and any form of communication with CCL or submission of any additional documents, not specifically asked for by CCL, will be allowed and even submitted they will not be considered by the purchaser.

The shortfall information/documents shall be sought only in case of historical documents which pre-existed at the time of the tender opening and which have not undergone change since then. (Example: if the Permanent Account Number, registration with Sales Tax/VAT/GST has been asked to be submitted and the tenderer has not provided them, these documents may be asked for with a target date as above).

So far as the submission of documents is concerned with regard to qualification criteria, after submission of the tender, only related shortfall documents should be asked for and considered. For example, if the bidder has submitted a supply order without its completion/performance considered. However, no new supply order should be asked for so as to qualify the bidder.

For this purpose, **maximum 02 (two) chances** shall be given. The time period for the first clarification

will be considered for **7x24 hours** duration and for the subsequent second clarification, if required, as **5x24 hours** duration.

The above documents will be specified online under the link “Confirmatory Documents”, by evaluator, indicating the start date and end date giving 7 day/5 days (as applicable) time for online submission by bidder. The bidders will get this information on their personalized dashboard under “Upload Confirmatory Documents/Information” link. Additionally, information shall also be sent by system generated email and SMS, but it will be the bidders responsibility to check the updated status/information on their personalized dashboard at least once daily after opening of bid. No separate communication will be required in this regard. Non-receipt of e-mail and SMS will not be accepted as a reason of non-submission of documents within prescribed time. The bidders will upload/re-upload the requested documents within the specified period. CCL reserves the right to verify any of the documents uploaded by the bidder at any stage.

The techno-commercial acceptability of all the bidders shall be evaluated and after evaluation, the date of opening of the Price Bid shall be fixed. As soon as the date and time of opening of Price Bids of the techno-commercially acceptable bidders are set in the portal, system will send e-mail& SMS alert to the eligible bidders

3. Reverse Auction (Applicable for estimated value of tender above Rs. 50 Lakhs):

In case of Tenders involving Reverse Auction, the system will not disclose the name of the L-1 bidder, number of bids and names of the bidders on the portal to anybody prior to the completion of Reverse auction process.

Upon opening of the price bids, a reverse auction platform will be created after system calculates L-1 price automatically as per Evaluation criteria of NIT. This L-1 price will be Auction Start Price. The RA will start within 2 hours from actual time of opening of tender and same will be intimated through SMS & e-mail by the e-procurement system. However, bidders will be able to see the auction details in the “MY AUCTION” tab after successful publication of the Reverse Auction Platform. At the time of auction, bidders may participate in Auction through “LIVE AUCTION” tab. No indication will be available in the portal to anybody regarding number of bids and names of the bidders.

Reverse Auction Process (RAP) shall be as under:

- (a) Upon opening of the Price Bid, system will allow for Auto Financial opening whereby no comparative statement will be generated but Reverse Auction platform named “Auction BOQ” will be created.
- (b) Reverse Auction will be initiated within 2 hours after opening of price bids and a multi auction template (in excel format) will be uploaded.
- (c) The multi auction template will display only the item-wise L-1 price received, decrement value, starting and end time. The name of bidders participating in the Reverse Auction shall not be made visible to other bidders and CCL.
- (d) The L-1 bid price of each item, calculated as per Evaluation criteria of NIT, will be “Start Bid Price” for respective item of the NIT.
- (e) There will be no participation fees for e-Reverse auction.
- (f) Item-wise H-1 bid (the highest bid) will be eliminated during price bid opening, if more than four techno-commercially acceptable bids are available and H-1 bidder (the bidder who has quoted the highest net landed cost/price) will not be able to participate in the Reverse Auction for that item. If two bidders have quoted the same H-1 net landed cost/price, the bidder who had submitted/frozen the bid later, shall be rejected and will not be able to participate in Reverse Auction. However, H-1 elimination will not be

applicable to the preferential category of bidder like MSEs, Make in India, Ancillaries, Domestically Manufactured Electronic Products (DMEP) and other preferential category of bidders notified by Government of India from time to time.

Note: If a bidder has quoted under privileged category and the Tender Inviting Authority (TIA) has rejected the status of the bidder's privileged category due to non-compliance to tender requirement, then the bidder will not be treated as privileged category bidder and during price bid opening its bid will be treated as non-privileged/preferential category bidder and will be evaluated accordingly.

- (g) The decrement value will be 0.5% of the start bid price with minimum of Rs.1.00, as the system does not have a provision of taking amounts less than Rs.1.00 as decrement value. The reduction shall have to be made as per decrement value or in multiple thereof. In order to have ease of submission of reverse auction bid by the bidders, the decrement value will be rounded off to nearest value as under:
- i) For decrement values up to Rs.10/-, rounding off will be made to nearest rupee.
 - ii) For decrement values from Rs.11/- to Rs.100/-, rounding off will be made to nearest 10.
 - iii) For decrement value from Rs.101/- to Rs.1,000/-, rounding off will be made to nearest 100.
 - iv) For decrement value from Rs.1,001/- to Rs.10,000/-, rounding off will be made to nearest 1,000;
 - v) For decrement value from Rs.10,001/- to Rs.1,00,000/-, rounding off will be made to nearest 10,000;
 - vi) For decrement value from Rs.1,00,001/- to Rs.10,00,000/-, rounding off will be made to nearest 1,00,000; and so on...
- (h) The maximum seal percentage in one go shall be fixed as 2% over and above the normal decrement of 0.5%, i.e., 2.5% of the Start Bid price or the last quoted price during reverse auction, whichever is lower.

This shall be worked out as under:

$$DV_1 = (DV + \frac{2}{100} \times L1)$$

Where DV= Decrement Value (fixed) as indicated in NIT

DV₁= Maximum range of decrement (Bidders can offer reduction in multiples of DV within this range)

L1= Start Bid Price or Current Lowest Price as displayed during reverse auction

If the start bid price is Rs.21000 and decrement value is Rs.100, the maximum seal percentage will be 2% of 21000 i.e. Rs.420 and upper range of reduction shall be Rs.520 (100+420). However, as reduction has to be in multiples of decrement value, maximum reduction that can be offered by the bidder will be Rs.500 only and hence, first reduced bid in reverse auction cannot be below Rs.20500. In the above scenario, the seal percentage for 2nd bid will be 2% of 20500 i.e. Rs.410 and the upper range of reduction shall be Rs.510 (100+410). Thus, maximum reduction that can be offered will again be Rs.500 only in multiples of Rs.100 (decrement value).

- (i) Initial period of reverse auction will be two hours. There will be auto extensions of time every time by 30 minutes in case of any reduction recorded in the last 30 minutes. The reverse auction will end only when there is no further reduction recorded in the last 30 minutes slot. In case of multiple-items, auto extension will take place only for the item(s) for which any reduction has been recorded in last 30 minutes. For rest of the items for which no reduction has been recorded in the last 30 minutes, the Reverse Auction will close.
- (j) System protects bid and bidder information till auction gets over and displays current L-1 price to the bidder in auction hall.
- (k) The log details of the entire reverse auction process will be generated by the system once the process of reverse auction is completed.

- (l) **Break-up of price:** The price break-up will be sought through confirmatory link and the successful bidder shall upload break-up of price online through confirmatory link, after reverse auction in the same structure as per their original price bid and they will not be allowed to increase the initial quoted rate of any item/component. The price, if any, may be either equal to the price offered in reverse auction or less, otherwise it may be treated as withdrawal of offer and will attract penal action. The break-up of prices should be uploaded in specified time frame. In case the L-1 bidder fails to submit the break-up of landed price within stipulated period, the Purchaser will be at liberty to place order on the basis of the break-up of the e-price bid (BOQ template) submitted by the bidder along with the initial offer, proportionately reduced and the same will be binding on the bidder.
- (m) The L-1 bidder after reverse auction will be responsible to ensure that the net landed rate as per the breakup of prices provided by him after the reverse auction and the LI net landed rate offered by him in the reverse auction is the same or less, otherwise it may be treated as withdrawal of offer and will attract penal action. The bidder will also have to consider same rate of taxes and duties as quoted while submitting the e-price bid.
- (n) If a bidder does not submit his bid in the Reverse Auction, the price quoted by him in the initial price bid shall be considered as the valid price of that bidder. The status of the bidder (L-1, L-2 etc.) shall be evaluated considering either the bid price submitted in Reverse auction or the Price quoted in the price-bid, whichever is lower.
- (o) Since, reverse auction is a sequel to e-tender; the process of finalizing the tender upon completion of reverse auction will be the same as the tender process without reverse auction.
- (p) The Auction bid history shall reflect only the bid price.
- (q) Only the chronologically last bid submitted by the bidder till the end of the auction shall be considered as the valid price bid of that bidder. Any bid submitted earlier by the bidder prior to submission of his last bid will not be considered as the valid price bid.
- (r) **Purchase Preference:** In case NIT provides for purchase preference as per Govt. of India policy, as may be notified from time to time to any category of bidders, and if any of the bidders are eligible for such purchase preference in terms of policy, such bidders would get opportunity to match the L-1 prices concluded after reverse auction, if their final prices in Reverse Auction fall within the permitted percentage.
- (s) **Conversion Rate:** While evaluating the bids, for conversion of foreign currency into Indian Rupees, the exchange rate prevailing on the price-bid opening date shall be fed to the system by the Purchaser after opening of Price Bid from the data of RBI/SBI website or data obtained directly from Banks.
- (t) Server time shall be the basis of Start time & Closing time for bidding and shall be binding for all. This would be visible to all concerned.
- (u) On expiry of the closing of the auction, the bid history showing all the last valid bids offered along with name of the bidders shall be published in the portal. All bidders shall have the facility to see and get a print of the same for their record.
- (v) All electronic bids submitted during the reverse auction process shall be legally binding on the bidder. The chronologically last bid submitted by the bidder till the end of the auction will be considered as the valid price bid offered by that bidder and acceptance of the same by the Purchaser will form a binding contract between the Purchaser and the bidder for entering into a contract.

- (w) Conditional discounts shall not be considered. If a bidder offers a discount unilaterally after submission of bid, the discount shall not be considered for evaluation of offers but shall be availed if order is placed on such tenderer.
- (x) If the lowest price received during reverse auction is found unreasonable or it is unacceptable by Tender Inviting Authority (TIA), the management reserves right to seek justification of the price from lowest bidder. If the price is not considered reasonable, management may not accept such bid and go for another tender process.
- (y) In case of disruption of service at the service provider's end while the RAP is online, due to any technical snag or otherwise attributable to the system failure at the server end, the RAP process will start all over again. In such a situation, the last recorded lowest price of prematurely ended RAP, will be the 'Start Bid' price for the restarted RAP. The prices quoted in the prematurely ended RAP will be binding on all the bidders for consideration, if the restarted RAP does not trigger within the stipulated time.
- (z) Disruption and restarting of RAP shall be intimated to all the bidders through system/SMS/e-mail through e-procurement portal. All the time stipulations of normal RAP will be applicable to the restarted RAP.

4. Evaluation Criteria:

Evaluation of bids will be made in the following manner:

A. Evaluation of Indigenous Offer in Indian Rupees:

- a) The bidder will fill their unit prices in Indian Rupees and on FOR Destination basis with the applicable rate of GST on FOR destination price in BOQ-“INR sheet”. For the purpose of the contract, term 'FOR Destination Price' shall mean the sum of Ex-works Price plus Freight up to destination and Transit Insurance charges up to destination.
- b) The rate of GST entered by the bidder in BOQ-“INR sheet” shall be legally applicable rate of GST at the time of submission of bid.
- c) Landed Price shall be arrived at after adding all elements of prices quoted in BOQ-“INR sheet”.
- d) Net Landed Unit Price will be arrived at after deducting Input Tax Credit for GST from Landed Price.

B. Evaluation of Overseas Manufacturer (for FOB Offer):

Bidder should quote firm price on FOB basis only, indicating the currency. The total price will be estimated in the following manner to arrive at the CIF price and the Total landed price of the Import offers:

- a) Freight Charges from FOB Port of Shipment to Kolkata Port.

Sectors	Freight
For USA, Canada and Japan	12% of Net FOB value
All other Sectors	10% of Net FOB value

- b) Insurance charges shall be considered @0.0689% of C&F Price.
- c) The FOB Price, Agency commission if quoted extra, Marine freight and Marine insurance charges will be added together to work out the CIF Price for the item.
- d) Basic Customs Duty (BCD) on assessable value (which will be CIF value), Social Welfare Surcharge (at the applicable rate on BCD) and IGST (on assessable value plus BCD plus Social Welfare Surcharge), will then be added on the CIF price, thus converted into Indian currency.
- e) On this net price, 2% of FOB will be added as port clearance and forwarding charges and 3% of net FOB as estimated average inland freight upto destination, to arrive at the total price (landed price). IGST will be added on port clearance & forwarding charges and inland freight and insurance upto destination.
- f) Input Tax Credit of GST, wherever applicable will be availed while evaluating Cost to Company.

Therefore, the total component of GST and IGST shall be deducted from the total Foreign Currency component to arrive at “Net Foreign Currency” component which will be carried over to the front sheet under head “Rates from BID_OTHERS Sheet” in BoQ1 sheet.

- g) The Net Foreign Currency component as arrived at sl. no. (f) above shall be converted to INR at the exchange rate prevailing on the date of opening of Price Bid.
- h) Net landed price shall be the CIF price plus total Customs Duty plus Port Clearance and Handling Charges plus Inland Freight & Insurance plus GST etc. after setting off GST credit against various heads under customs duty as applicable. This will also include agency commission wherever applicable.

Note:

1. The L-1 status shall be decided by deducting the Input Tax Credit on GST. Therefore, the bidders are to ensure timely and correct filing of their returns. In case of any lapse on the part of the bidder resulting in CIL being denied of the Input Tax Credit by tax authorities, equivalent amount shall be recovered from the bills of suppliers.
2. **Statutory Variation:** If there is any statutory change in GST within contractual delivery period, the same shall be admissible and will be paid at actual based on documentary evidence. However, no upward revision in GST beyond original delivery period shall be admissible unless the delay is due to any lapse on the part of the purchaser.
3. It shall be responsibility of the bidder to indicate the correct rate of Customs Duty applicable to their goods. If it becomes necessary for CCL to pay higher rate of Customs Tariff due to wrong quoting of customs rate by the bidder, the same shall be deducted from supplier's bill. However, if the higher rate is due to any statutory change, the same shall be borne by CCL.
4. If a new statutory tax/levy/cess/surcharge etc. comes into effect after award of contract, the same will be considered based on the merit of the case.
5. All the details of Techno-Commercial Bid and Price Bid will be kept preserved in the archives for auditing purposes and the same can be accessed with special authorization. The IP address of all the bidders who has participated in the bid along with timing and date will also be kept preserved in the system.
6. **Conversion to Single Currency**
 - a) To facilitate evaluation and comparison of the bids, all bid prices expressed in various foreign currencies will be converted in Indian Rupee.
 - b) The applicable Exchange rate prevailing on the price-bid opening date shall be fed to the system by the Purchaser after opening of Price Bid from the data of RBI/SBI Website or data obtained directly from Banks.
7. **Contacting the Purchaser**

7. Cartel Formation/Pool Rates

Pool/cartel formation is against the basic principle of competitive bidding and defeats the very purpose of an open and competitive tendering system.

Such and similar tactics to avoid/control true competition in a tender leading to “Appreciable Adverse Effect on Competition” (AAEC) have been declared as an offence under the Competition Act, 2002, as amended by the Competition (Amendment) Act, 2007.

In case of cartelization or apparent cartel formation, CCL reserves the right to:

- (i) Ban or suspend business with the suspect bidders and cancel their bids without assigning any reason thereof and
- (ii) Place order on one or more firms with exclusion of the rest without assigning any reason thereof.

The matter of cartelization or collusive bidding based on any material or circumstantial evidences or otherwise would be decided by the IEM(s) nominated for this tender.

8. Conflict of Interest among Bidders/Agents

A bidder shall not have conflict of interest with other bidders. Such conflict of interest can lead to anti-competitive practices to the detriment of Procuring Entity's interests. The bidder found to have a conflict of interest shall be disqualified. A bidder may be considered to have a conflict of interest with one or more parties in this bidding process, if:

- (a) They have controlling partner(s) in common; or
- (b) They receive or have received any direct or indirect subsidy/financial stake from any of them; or
- (c) They have the same legal representative/agent for purposes of this bid; or

(d) They have relationship with each other, directly or through common third parties, that puts them in a position to have access to information about or influence on the bid of another bidder; or

(e) Bidder participates in more than one Bid in the bidding process. Participation by a bidder in more than one bid will result in the disqualification of all bids in which the parties are involved. However, this does not limit the inclusion of the components/sub-assembly/assemblies from one bidding manufacturer in more than one bid.

(f) In cases of agents quoting in offshore procurements, on behalf of their principal manufacturers, one agent cannot represent two manufacturers or quote on their behalf in a particular tender enquiry.

One manufacturer can also authorise only one agent/dealer. There can be only one bid from the following:

1. The principal manufacturer directly or through one Indian agent on his behalf; and
2. Indian agent on behalf of only one principal.

(g) A Bidder or any of its affiliates participated as a consultant in the preparation of the design or technical specifications of the contract that is the subject of the Bid;

(h) In case of a holding company having more than one independently manufacturing units, or more than one unit having common business ownership/management, only one unit should quote. Thereafter, the lowest bidder among the 'Class-I local supplier' will be invited to match the L1 price for the remaining 50% quantity subject to the Class-I local supplier's quoted price falling within the margin of purchase preference, and contract for that quantity shall be awarded to such 'Class-I local supplier' subject to matching the L1 price. - iii. - a) In case there is sufficient local capacity and competition for the item to be procured, as notified by the nodal Ministry, only Class I local suppliers shall be eligible to bid. - d) First purchase preference has to be given to the lowest quoting 'Class-I local supplier', whose quoted rates fall within 20% margin of purchase preference, subject to its meeting the prescribed criteria for award of contract as also the constraint of maximum quantity that can be sourced from any single supplier. If the lowest quoting 'Class-I local supplier', does not qualify for purchase preference because of aforesaid constraints or does not accept the offered quantity, an opportunity may be given to next higher 'Class-I local supplier', falling within 20% margin of purchase preference, and so on.
